

Ayegba Kenneth

Phone No: +2347063707731

Email: ayegbakenneth@gmail.com

OBJECTIVE

To leverage my strong programming skills and problem-solving abilities to contribute to the success of the organization as backend software engineer.

SKILLS

- Proficient in backend programming languages and frameworks such as Python (Flask and Django), JavaScript (Node.js and Express.js) and C.
- Experienced in developing RESTful APIs and working with MySQL and NoSQL databases.
- Familiar with software design patterns and best practices.
- Strong problem-solving and critical thinking skills.
- Ability to work collaboratively in a team environment.
- Adept at data modeling, data analysis, and making data-driven decisions.

EDUCATION

African Leadership Experience Full Stack Software Engineering Program and certification
(August 2023 – September 2024)

Base University Abuja, Nigeria

- Professional Diploma in Software engineering (Ongoing).

B.Sc. in Industrial Physics, Federal University of Agriculture Makurdi Nigeria (2011 - 2015)

PROJECTS

ALX and Baze University Software Engineering Projects:

<https://GitHub.com/ayegbakenneth>

B.Sc Industrial Physics Final Year Project:

Construction of a Stepper Motor Control System using a Microcontroller (2015)

- Aimed to improve the efficiency of a stepper motor's movement.
- Utilized a microcontroller to control the motor's steps and rotation.

TRAINING AND CERTIFICATIONS

- Halogen School of Security Technology, Introduction to Cybersecurity and Ethical Hacking Training (2022 & 2024)
- Jobberman Soft Skills Training and Certification (2022)
- IBM Skills Build Training and Certification on Python for Data Science (2022)
- Cisco Networking Academy Training and Digital Certifications on IT and Cyber security (2022)
